

“Empower Your Career”

Navigating the Digital Revolution
in the Construction Industry with **BIM**

Explore **Digital** courses for **Civil engineers & Architects**.
Enhance skills in **Building Information Modeling**
project management, sustainable design,
structural analysis, and more

Revitalize your career with BIM for future roadways.
Embrace the digital revolution shaping construction,
design, and management. Be at the forefront of innovation
& sustainability in the ever-evolving world of
Buildings & infrastructure.

ABOUT US

BIM MANTRA ACADEMY

BIM Mantra Academy trainers are having industry experience in various domains of The **AEC Industry**.

We provide BIM Architectural, Structural, and MEP training to Architects, civil, mechanical, electrical engineering **students as well as working professionals** who are willing to start their career in Immersive and latest technology such as BIM.

With an expert team of **BIM architects, BIM engineers**, CAD professionals & an experience of working on various projects, we outpace the competition by providing technically superior **BIM training** that help you meet your career goals in BIM.

Our impeccable engineering & architectural skills, and an eye for detail enables our academy to provide training and upgrading skill set of candidates.

WHAT IS BIM?

Building Information Modeling (**BIM**) is an intelligent 3D model-based process that gives architecture, engineering, and construction (**AEC**) professionals the insight and tools to more efficiently plan, design, construct, and manage buildings and infrastructure.

WHY WE SHOULD LEARN BIM?

Countries such as The US, UK, Singapore, Finland, Sweden, & Norway adopted **BIM** and leading BIM at The global level. Level 2 BIM has been mandated by respective governments of countries and hence a lot of global opportunities are opened up for **AEC Professionals & Students** to start their careers in BIM. In India, many professionals working on global projects are delivering BIM services. It's a **crucial time to start learning BIM** so that Engineers can go hand in hand with technology.

HOW TO START LEARNING BIM?

Here are some courses offered by **BIM Mantra Academy** with software outline:

“UNLOCKING YOUR JOURNEY”

WITH 15+

**BUILDING INFORMATION MODELING
SOFTWARES**

Who can join: Architect, Civil, Mechanical,
Engineer students or Working professionals.

Course Duration: 3 - 6 Months (100 - 200 Hours)

Mode: Online

Certification on Completion

VALUE ADDITIONS WITH COURSES :
